Important Questions		Answers: individual/family	Why This Matters:
What is the overall deductible?	\$2000/\$4000	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.	
Are there services covered before you meet your deductible?	Yes. Preventive care and routine maternity care	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .	
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.	
What is the out-of-pocket limit for this plan?	Out-of-Pocket Maximum: \$4000/\$8000	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.	
What is not included in the out-of-pocket limit?	Premiums, balance billed charges and health care this plan does not cover	Even though you pay these expenses, they don't count toward the out-of-pocket limit.	
Will you pay less if you use a network provider?	Yes. See www.bcbsm.com or call (800) 662-6667 for a list of network providers	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.	
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.	

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
